FEWER LICENSES GRANTED

BY FAYETTE COUNTY COURT

Two Saloons Closed, Several Applica-

tions Held Up

UNIONTOWN, Pa., April 11.—Fifty-four retail, 18 distillery and 2 brewery licenses were granted today in Fayette County when Judge E. H. Reppert handed Jown the liquor license list, Two retail applications were refused and five retail

applications were relised and the early applications were held over. Jesse B. Wyatt, proprietor of the Perry Hotel, at Perryopolis, was the only old applicant refused. A remonstrance hearing nearly 1000 signatures was filed against him, the complaint being lack of necessity.

No new applicants received licenses and ie court in granting the brewery and dis-

tillery applicants emphasized the fact that the sales room closing time, it o'clock, must be strictly adhered to.

The license for the Ohiopyle House at the famous Fayette County pleasure re-sert at Ohiopyle, was held over on account of there being two applicants for the place.

The Fifty-Fifty Question

Some of us are built a little on the lines of the porker when it comes to the 50-50 question. We are more inclined to take 51, if no one is looking, and give the other fellow 49 for his share. Did you ever see

a perfectly same investor who did not prefer the controlling interest in a concern to save himself from getting squeezed out?

to save himself from getting squeezed out? We begin life by dividing an apple equally with our playmate, but as the apple grows out of its original proportions and turns into stocks, bonds and securities, that childish sentiment, that hard-learned generosity, is forgotten and we want core, seeds, skin and all. Right there is where our true nature asserts itself.—Zim, in Cartonys Magazine.

Gas Accident Victim Dies

"I do not think the New York Presbytery was justified in granting iteenses and
acted in a ver grigh-handed manner," said
the Rev gright from the laws of the
church government. I am sure that candidates expressing such disbelief before
the Presbyterian Board here would be rejected. Such belief is required under the
faith and practice rule and is necessary
to secure admission to the munistry. The
board in This city is, I think, much
stricter in conforming to the rules and
canons of the church than the New York
board. A candidate for the ministry William Donaldson, 57 years old, died today in St. Joseph's Hospital from the effect of inhaling Illuminating gas. On Friday evening, Mrs. Laura Berks, Don-aldson's landlady, who lives at 1517 North 20th street, detected the odor of gas com-ing from his room as she was going up the stairs to hand him some letters. She found him unconscious, with the gas jets from a stove turned on. Donaldson had dozed off, while water, which he was heating on the stove, overflowed and had extinguished board. A candidate for the ministry should be barred for such disbelief, fast as much as a medical student is who has
